

COOKIE POLICY

What is a Cookie?

A "cookie" is a small data file that our site transfers to your computer.

Why do We Use Cookies?

Cookies can help us customise and improve our site for visitors. We deliver cookies and collect data on our site, and we may also use a third-party agent to deliver cookies and collect data. We can automatically collect data using cookies. For example, when your web browser accesses our site, we obtain certain types of information, such as your IP address, the type of browser you use, access times, and the page you visited before visiting our site.

What Do I Do If I Don't Want to Accept Cookies?

The "help" section of the toolbar on most browsers will tell you how to prevent your browser from accepting new cookies, how to have the browser notify you when you receive a new cookie, or how to disable cookies altogether.

Please note: Should you choose not to accept cookies then the functionality of our website will be affected.
